

FDTC Center for Teaching and Learning

Faculty/Staff Development Program

February 26, 2016

Note: Some departments will hold meetings with their own department members. **Those departments are Business, English/Humanities, Health Science, Math, and Science.** Times, topics, and room numbers for departmental sessions are displayed on the last page of program. If your department does not have a meeting scheduled, you are expected to attend the session/sessions outlined. **Some departments will start meetings at 8:30 while others will commence at 9:45. If your department meeting starts at 9:45, you are expected to attend the 8:30 session prior to your department meeting.**

Session One 8:30 - 9:30

Topic: Anti-Discrimination, Anti-Harassment Training / How to Respond to Allegations of Discrimination, Sexual Harassment, Sexual Misconduct or Sexual Violence: A Student Perspective

Presenter: Crystal Rookard

Room 401

An overview of discrimination, harassment, and sexual harassment in the workplace including the applicable law and methods of prevention. An overview will also be provided of sexual harassment and sexual misconduct from a student perspective including the applicable federal laws such as the Clery Act/Campus SaVe Act, Title IX, VAWA, and guidance from the Department of Education with a focus on how to handle allegations and bystander intervention.

Break 9:30 - 9:45

Concurrent Sessions 9:45 - 11:00

Topic: Active Shooter Training

Presenter: Sgt. Shane Prince

Room 401

This training is based on the Homeland Security Model of "Run, Hide, and Fight." A brief history will be given of active shooter incidents that have occurred across the country and what you should do if an active shooting incident takes place on your campus.

Topic: Pee Dee Mental Health

Presenters: Susan Carter, Jenness Jones, Kelsi Harper, and Victoria Hooks

Room 5202

We will be presenting a program on Pee Dee Mental Health Services for Adults in which we describe where our four clinics are located, who to call to request services, and the types of services available. We will discuss the types of treatment we offer including assessments, individual, family, and group therapy. Care coordination, employment and housing programs will be briefly described. The Healthy Options Plan (HOP) will be discussed as a possible payment source for the segment of the student population that is uninsured and diagnosed with a chronic health condition. In addition, we will be highlighting our new PREP program which targets young people ages 17-30 who are experiencing a First Episode of Psychosis. Program developers Jenness Jones, Kelsi Harper, and Victoria Hooks will describe the components of PREP and distribute brochures to faculty and staff members.
