Introduction

Florence Darlington Technical College is committed to providing a safe and secure environment for all members and guests of the campus community. The college has developed a series of policies and procedures that are designed to ensure that precautionary measures are taken to protect persons and property on campus.

Clery Crimes and Reporting

The Jeanne Clery Disclosure of Campus Security Policy and Campus Crime Statistics Act (20 USC § 1092(f)) is the landmark federal law that requires colleges and universities across the United States to disclose information about crime on and around their campuses. The law applies to most institutions of higher education, both public and private, and is tied to participation in federal student financial aid programs. It is enforced by the U.S. Department of Education.

Originally known as the Crime Awareness and Campus Security Act, the law was amended in 1992 to require that schools afford victims of campus sexual assault certain basic rights and was amended again in 1998 to expand the reporting requirements. The 1998 amendments also formally renamed the law in memory of Jeanne Ann Clery, a 19-year-old Lehigh University freshman who was raped and murdered in her residence hall room in 1986. Subsequent amendments in 2000 and 2008 added provisions dealing with registered sex offender notification and campus emergency response, respectively. The 2008 amendments also added a provision to expand hate or bias crime categories and to protect crime victims, bystanders, and others from retaliation.

CLERY ACT REQUIREMENTS

The Jeanne Clery Disclosure of Campus Security Policy and Crime Statistics Act (Clery Act) requires colleges and universities to:

- Publish and distribute to all enrolled students and current employees through appropriate publications and mailings an Annual Security Report (ASR) every year by October 1st that contains three (3) calendar years of campus crime statistics and certain campus security policy information;
- Provide a notice to all prospective students and employees that describe the ASR's availability and that a paper copy is available if the ASR is posted online;
- Disclose crime statistics for all the Florence Darlington Technical College Campuses, public areas immediately adjacent to or running through campuses, and certain non-campus properties;
- Provide "Timely Warning" notices of those crimes that have occurred and pose an "ongoing threat to students and campus activities;"
- Provide "Emergency Notifications" for dangerous or emergency situations; and
- Disclose in a public crime log any crime that occurred on campus, on non-campus property, or on public property and is reported to the FDTC Campus Safety/Security Department.

Drugs and Alcohol

Florence Darlington Technical College prohibits the unlawful manufacture, distribution, dispensation, possession or use of illegal drugs or controlled substances by students as set forth in South Carolina Code of Laws, Section 44-S3-11Oet seq. This law prohibits possession or sale of drug paraphernalia (such as roach clips, bongs, water pipes, cocaine spoons) as defined in South Carolina Code of Laws, Section 44-S3-151Oet seq. and the distribution or delivery of an imitation ("lookalike"), non-controlled substance represented as a controlled substance, as defined in South Carolina Code of Laws, Section 44-S3-390. Detailed information on federal and state alcoholic beverage and other drug laws may be found in the Student Handbook.

In the state of South Carolina it is illegal to purchase, possess or consume alcohol if you are under the age of 21. It is also illegal for a person of legal age to purchase alcohol for a person less than 21 years of age.

The college must maintain its primary function as a center of learning. No one under the influence of alcohol or other drugs will be allowed to attend class or remain on campus. At the same time, it must be clear that local, state and federal laws apply equally on campus as well as off campus. The abuse of alcohol and the use of illegal drugs by members of the College community are incompatible with the goals of our College. Substance abuse programs have been developed both on campus and within this community. They offer alcohol and other drug education, counseling, and referral services

Safety Tips

General

- Be aware! Recognize your vulnerability.
- Report all suspicious persons, vehicles and activities to the Campus Safety Department immediately.
- Use the "buddy system" and watch out for your neighbor.

- Keep your doors locked whenever you find yourself alone in a building.
- If you see someone being victimized, get involved and notify the Campus Safety Department.

Walking

- · Avoid traveling alone at night.
- Confine walking to well-lit, regular traveled walks and pathways. Avoid shortcuts and keep away from shrubbery, bushes, alleyways, or any other areas where an assailant might be lurking.
- Do not accept rides from casual acquaintances.
- When walking to your vehicle or residence, have your keys ready in hand.
- When being dropped off by taxi or private vehicle, ask the driver to wait until you get inside.
- If threatened by an approaching vehicle, run in the opposite direction. The vehicle will have to turn around in order to pursue you.
- When getting out of a car, take a look around to make sure that you are not being followed.
- If you think you are being followed, cross the street and, if necessary, keep crossing back and forth. If you are pursued, call for help and run to a campus building, business, and residence, enlist the aid of a passerby, flag down a passing motorist, or as a last resort pull a fire alarm. Do anything that might attract attention or summon assistance. If you are walking alone and someone passes you, check to be sure that person has continued walking in the other direction.
- If you find yourself confronted by an assailant you must remember that while screaming and struggling in some instances frighten off the assailant, in other instances you may further antagonize the assailant and bring forth a more violent reaction. Above all you must keep your head and assess the situation before choosing your course of action. Whether or not the assailant is armed or has made threats against your life should be a determining factor in your decision. The key word in this type of situation is survival.

Overview of Campus Security

Security and Access to Campus Facilities

Most college facilities are open to the public during the day and evening hours when classes are in session. When the college is officially closed, buildings are secured and only faculty, staff and pre-approved students/ contractors/vendors/guests are admitted.

Campus Security

The Campus Security Department is a private security force empowered by the college to enforce its rules, regulations and policies. Enforcement procedures include issuing parking tickets, issuing summary fines, filing conduct charges, and citizen's arrests. New Age Protection Inc. is the current provider empowered by the college for public safety and the general security of campus facilities.

Members of the department are under the guidance and control of the Director of Physical Facilities. Officers work eight-hour shifts to perform their duties, which include:

- Preventative patrol of grounds and buildings
- Emergency medical assistance
- Incident investigation and reporting
- Hazard control
- Crime prevention
- Parking and traffic management
- Special services including lockout assistance, noise and nuisance control, security escorts, lost and found, and any other needs associated with the quality of life, safety, and security of those on campus.

Campus Security personnel work closely with local, state, and federal police agencies, communicate as needed on the scene of incidents that occur in and around the campus area and work with the investigative staff of local agencies when incidents arise that require joint investigative efforts, resources, crime-related reports, and exchanges of information, as deemed necessary. There is no written memorandum of understanding between Campus Security and local authorities or other policing agencies for investigating criminal incidents.

Crime Statistics

The Jeanne Clery Act requires college and universities to prepare, publish and distribute, by October 1 of each year, campus security policies and crime statistics. Reporting also contains crime statistics from non-campus facilities and remote classrooms.

In accordance with The Jeanne Clery Act, crime statistics are gathered and posted for the campus community and the public to view. The statistics are gathered from the DTC Department of Public Safety and local laws enforcement agencies, which interact with the student population regularly. These statistics are used to inform the community of any crimes that may pose a threat to the stability of the community.

It also requires that crime data be collected, reported and disseminated to the campus community. The act is intended to provide students and their families, with accurate and complete information of safety on the campus.
